Lucena City, Quezon, Philippines | 0908-282-2932 | martinezemerson52@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Computer Science graduate and web developer with hands-on experience building and maintaining production systems for a university-wide user base. Skilled across the full stack JavaScript, PHP, Python, and Java with a track record of shipping features spanning authentication, security, admin tooling, and reporting. Comfortable owning a system end-to-end, from database design to interface polish.

TECHNICAL SKILLS

Languages: JavaScript, PHP, Python, Java, C++, Visual Basic, SQL

Web & Frameworks: HTML, CSS, Flask, Laravel, Django

Databases: MySQL, SQLite, Firebase

Tools & Platforms: Git/GitHub, AWS (Technical Essentials), Microsoft Office (Excel, Word, Access)

Other: IT support & troubleshooting, basic machine learning / AI concepts

PROFESSIONAL EXPERIENCE

Computer Programmer — Management Information System Office

Jan 2025 – Present

Laguna University, Sta. Cruz, Laguna, Philippines

- Build and maintain five core university systems — iLearnU, eRecord, LUAT, the Queueing System, and MDRMS — supporting student, faculty, and clinic workflows.
- Redesigned the queueing system's interface and optimized client polling and video rendering to improve responsiveness for the live queue.
- Added device/browser tracking and exam-tab monitoring to iLearnU, plus IP-restricted secure login, multi-step email verification, and session handling to strengthen account security and academic integrity.
- Rebuilt LUAT's student application form with inline validation, automated email notifications, and CSV export of applicant data for admissions staff.
- Shipped a centralized settings module and expanded admin tooling for monitoring user activity, exam restrictions, and system configuration.
- Coordinate directly with faculty and administrative staff to translate feedback into system updates, bug fixes, and new features.

Financial Audit Unit & IT Department Intern

Feb 2024 – Apr 2024

Department of Trade and Industry, Laguna Provincial Office, Victoria, Laguna, Philippines

- Maintained and organized departmental databases, performing data entry and record updates that supported audit documentation.
- Contributed to the development of database management protocols adopted by the unit.
- Managed the office's queueing system and provided IT support, troubleshooting desktop and laptop issues for staff.

EDUCATION

Bachelor of Science in Computer Science

Graduated July 2024

Laguna University, Sta. Cruz, Laguna, Philippines

- Honors: Dean's Honors List, Dean's Higher Honors List, Vice President's Honors List

CERTIFICATIONS & TRAINING

- AWS Technical Essentials — ECloudvalley (2026)
- Data Privacy Awareness — DICT Region X (2025)

Additional conferences and seminars listed on request.
